(AK, HI, International)

ProMotion Warrantee Repairs include free UPS Ground shipping credit

## HOW TO SHIP YOUR WETSUIT

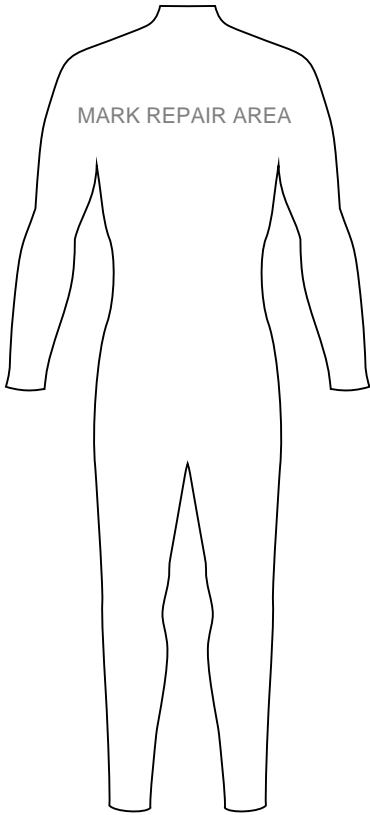

1. Make sure your wetsuit is clean: free of dirt and sand, completely dry, and odor free. We will not repair suits that are stinky, sandy, dirty, or wet as they damage our machines. Dirty suits will be sent back un-repaired.
  2. It's best to ship your suit in a box large enough to prevent excessive creasing.
  3. Place this ProMotion Wetsuit Repair Form (completely filled out) in the box with your wetsuit.
- Ship your suit to:

Pro Wetsuit Repair  
416 Cascade Ave.  
Hood River, OR 970 31

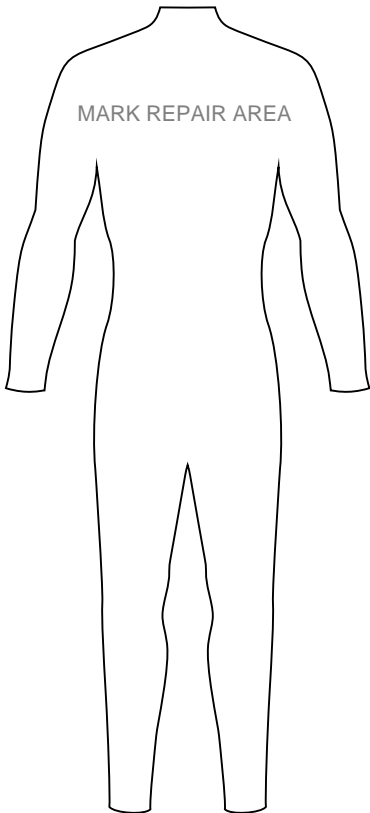

When we receive and evaluate your wetsuit repair, we will contact you by email with a firm estimate for the repair and return shipping. A payment method will be included in the email you receive.

ProMotion is not responsible for inbound wetsuits lost in shipping. We recommend insuring your shipment. After we have received your wetsuit, we will email you with a final estimate and payment instructions.
